LIBRARIES AND
ACTIVISM

Should libraries actively promote the
UN's Sustainable Development Goals?

Does that make us activist?

Are there other areas where you feel that public libraries
should be more activist and less neutral?

What is the relation between libraries,
democracy, and sustainability?

LIBRARIES AND
DEMOCRACY

Why does a democratic society need libraries?

How can libraries work to strengthen democracy?

What worries you the most when you think of
the future of democracy?

What gives you hope?
